

**Mayor's Motor Vehicle Freeze
Committee-Assigned Vehicles****SCOPE**

The Mayor's Motor Vehicle Freeze Committee (MMVFC) is responsible for assigning non-activity based vehicles owned by the Mayor and City Council to one employee based on the position of the employee and duties being performed. MMVFC-assigned vehicle is a passenger car, van, station wagon, pick-up truck, or sport utility vehicle. No vehicle will be released unless approval for assignment has been given by the MMVFC. The MMVFC is composed of representatives from the Department of Finance, Fleet Management Division (FMD) and the Mayor's Office. This Committee must make assignment of all take-home vehicles and emergency vehicles. The MMVFC may revoke an assignment at any time. Effective January 1, 1985, use of a City-owned vehicle, which includes take-home privileges, may result in additional personal income tax liability, including F.I.C.A. taxes. An employee may also be subject to additional personal income tax liability when special assignments result in temporary take-home privileges of City-owned vehicles.

The Fire, Sheriff and Police Departments are not subject to the provisions of this policy. Employees of these departments may, however, be subject to additional taxes, which result from take-home privileges.

A [VEHICLE ASSIGNMENT REQUEST \(form #28-1408-5037\)](#) must be submitted to the Mayor's Motor Vehicle Freeze Committee (MMVFC) and approved to effect a vehicle assignment and designate an assignee. Any disapproved Vehicle Assignment Request may be appealed by the agency/bureau head by directing a memo to the MMVFC. Any requested change in assignee or assignment status must be submitted to the MMVFC via a Vehicle Assignment Request.

All vehicles must be inspected and necessary repairs made immediately upon approval of an assignee. An assignee is responsible for the condition of a City-owned vehicle.

When requesting take-home privileges, a Vehicle Assignment Request must be submitted along with a [Vehicle Payroll Deduction Authorization \(form# 28-1418-5008\)](#) and justification for such an assignment.

Assignees with take-home vehicle privileges, except those employees assigned certified emergency vehicles, members of the Board of Estimates, and elected officials, will be charged for commuting mileage. Commuting mileage charge will be deducted from the employee's paycheck. Deductions will be effective on the date designated by the MMVFC. Commuting mileage is defined as the distance traveled between the employee's home and assigned office at the start and finish of the normal workday. The per mile commuting mileage charge is tied directly to the Internal Revenue Service (IRS) standard business mileage reimbursement rate which is calculated annually to reflect the costs of automobile operation. Central Payroll Division will adjust the payroll deduction rate annually to correspond to the IRS standard mileage rate. The annual update will take effect on the first pay period in February.

An employee is eligible for commuting mileage reimbursement after a 30 consecutive calendar day absence during which the employee was in leave status and not operating a MMVFC-assigned vehicle. A written request for reimbursement must be received by the MMVFC within 10 workdays after the employee returns to work.

An assignee with take-home vehicle privileges must immediately inform the MMVFC by memo of any change in residence. Failure to notify the MMVFC could result in revocation of privileges.

When an assignee authorizes another operator to use a City-owned vehicle, the operator must meet all City/State licensing, operating, and use requirements

5. ANNUAL RENEWAL OF VEHICLE ASSIGNMENT

The MMVFC requires that each vehicle assignment be renewed each year. The MMVFC will generate a listing of all vehicle and assignee information it has on file for each agency/bureau. The MMVFC will forward these listings to the agency/bureau heads for review.

Each agency/bureau should compare the listing provided by the MMVFC against the vehicle files maintained in the agency/bureau. All changes must be noted directly on the listing. If retention of the vehicle is not requested, the MMVFC should be notified and the vehicle returned to the FMD for inspection and garaging. It is the responsibility of the agency/bureau head to comply with the annual renewal requirement.

When returning an annual renewal listing which has a new assignee or change of assignee noted, it is necessary to attach the proper paperwork for such assignment as outlined in this policy. Other than annual renewals, it is the agency/bureau's responsibility to notify the MMVFC of any vehicle or assignee change throughout the year.
