DEDICATED THIS 31ST DAY OF DECEMBER, 1999, JUST AFTER DISCOVERING EVERY EDITOR'S WORST NIGHTMARE: Previously, in 1979, when the Index to the Code of Public Local Laws had been last printed, the entire "R" entries were omitted. (Alas, no "Railroads", no "Rent Escrow", no "Reporters, Court", no "Roads", no "Retirement"....) This nightmare is somewhat tempered, though, by the sobering (nay, humbling) realization that, in the 2 decades following that "typo", absolutely no one else seems to have noticed.
